F During the past 12 months, the station employment unit engaged in the following initiatives under "Prong 3" of the outreach requirements:

1 Internship Program:

The Licensee offered five internships programs for college students.

The interships were in the News Department

This program is designed to give students an overall view into each area and the positions available inside a commercial television station.

2 All full-time, open positions, including those involving upper management were posted on the TAB Job Bank.

3 October 24, 2012

Staff attended a Tyler Junior College Job Fair.

Handed out information about our station and information on all available positions at our stations.

4 October 25, 2012

Staff attended a LeTourneau Job Fair.

Handed out information about our station and information on all available positions at our stations.

5 Ongoing Outreach Efforts:

Each week, weekly manager meetings are held and open positions, as well as positions that may become open, are discussed. Meetings are held as a group, then the department heads have a meeting with the General Manager and Business Manager to ensure that all managers are trained in the latest EEO procedures applicable to filling any open positions. In addition, discussions are held on how EEO procedures can be improved and better implemented.
